

PRESS RELEASE

SBES Space-Bit, the Social Distancing Wrist Band

Introducing the SBES Space-Bit, the wristband which alerts and traces if workers get in each other's safe-space.

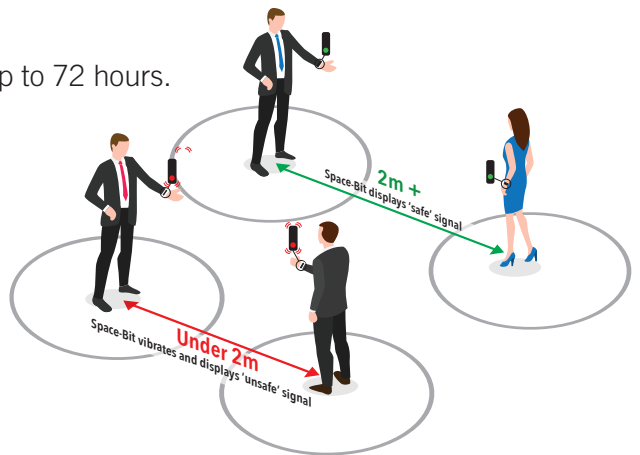

It is perfect for all work environments. Should two wearers become closer than 2 metres the SBES Space-Bit will vibrate and has an LED to alert the users to separate. Each SBES Space-Bit will automatically store the ID and contact dates of each alert.

It has a rechargeable lithium battery and a full charge lasts up to 72 hours.

The SBES Space-Bit is IP67 Waterproof and dust resistant plus CE, FCC and FDA Certified.

Contact Tracking

- Each wristband has a unique MAC address
- It records every person wearing an SBES Space-Bit who comes into close contact
 - Up to 20,000 Contact records stored
 - Transfer contact records storage to APP via Bluetooth® BLE 5.0
